

TRANSIT COORDINATION E-LEARNING COURSE

Empower your role. Facilitate regional trade.

LAUNCHING 10 JUNE 2025

Register: <https://tfelearning.unctad.org/transitcoordinationcourse>

Financed by

HM Revenue
& Customs

Empowerment programme
for trade facilitation

Supports the effective implementation of Article 11 of the WTO Trade Facilitation Agreement

Module 1

UNDERSTANDING TRANSIT

Explore the evolving concept of transit and the legal principles behind it. You'll learn how transit operates within international trade, the difference between customs transit and transshipment, and why freedom of transit is a cornerstone of global trade. By the end of the module, you'll have a solid grasp of the legal and operational foundations of transit systems

Module 2

TRANSIT CHALLENGES AND SOLUTIONS

Identify the real-world barriers to efficient transit, such as outdated infrastructure, unclear regulations, or poor coordination, and discover smart strategies to overcome them. This module introduces trade facilitation principles like simplification and harmonization, and highlights powerful tools like ASYCUDA and regional guarantee systems

Module 3

ROLE OF NATIONAL TRANSIT COORDINATORS

Unpack the strategic role of national transit coordinators as outlined in the WTO Trade Facilitation Agreement. You'll learn their 9 core responsibilities, how to coordinate across agencies and borders, and how to handle enquiries and risk management. This module prepares current and future coordinators to lead with clarity and purpose
